## Summary

Frontend Developer with 3.5 years of hands-on experience building and maintaining scalable, responsive web applications using React, Redux, Next.js, JavaScript, and Material UI. Proven ability to take ownership of complex features, improve application architecture, and ship high-quality code in fast-paced environments. Looking for a fully remote opportunity with a dynamic international team where I can grow and make meaningful impact.

## Tech Stack

**Languages & Frameworks:** JavaScript (ES6+), TypeScript, React, Redux, Redux-Saga, Next.js

**UI Libraries:** Material UI (MUI), Ant Design, Styled Components, Bootstrap

**Tools & Practices:** Git, REST APIs, Agile/Scrum, Jira, Asana, Trello, Figma

**Testing:** Jest, React Testing Library

**Other:** WebSockets (Socket.io), GitHub, GitLab, Bitbucket, CI/CD basics

## Work Experience

### Frontend Developer — Influencer Hero

Mar 2023 – Apr 2025 | Remote

**Project:** Creator Management Platform for Influencer Agencies

- Designed and implemented new architecture for page and component structure, boosting scalability and maintainability
- Developed multi-step campaign creation flows, media upload components, dashboards, and admin tools using React + MUI
- Integrated complex APIs (chat, campaign logic, analytics) and managed global app state with Redux and Redux-Saga
- Worked closely with product/design to align UI/UX with user needs; fixed high-priority bugs and participated in code reviews

### Frontend Developer — SoloWay Technologies (bvblogic)

Nov 2021 – Mar 2023

**Project:** Cryptocurrency Exchange Platform

- Developed secure KYC flows, transaction histories, and user dashboards
- Maintained and refactored large React/Redux codebase, improved performance and reduced technical debt
- Collaborated cross-functionally with QA and backend teams to ensure feature completeness and stability

### Junior Frontend Developer — Freelance

Sep 2021 – Nov 2021 | Remote

**Project:** Inventory Tool for Jewelry-Making Supplies

- Built React-based SPA for organizing and managing jewelry components
- Implemented key features like category filtering, search, and responsive layout
- Handled bug fixing and worked independently with the client

### Junior Frontend Developer — Global Marketing Group

Jun 2021 – Aug 2021

- Built and maintained static and dynamic landing pages based on design templates
- Ensured pixel-perfect layouts using HTML, CSS, and JavaScript

## Education

Bachelor’s Degree in Computer Science

Ivano-Frankivsk National Technical University of Oil and Gas | 2017 – 2022

**Courses:** 2018 IT Cluster (Tech Community Program)

## Languages

- Ukrainian — Native
- English — Upper Intermediate (confident written and spoken communication)

## Soft Skills

- Punctual, detail-oriented, proactive, non-conflict, and sociable
